pleasing course once the initial climb from the club to Hillcrest Drive is completed. It winds its way through some of the best parts of Beacon Bay with views of the Nahoon River to lift any runner's spirits.

A Border training squad has been selected for the consideration of possible selection to the Border team to race the South African Half-Marathon Championships in Port Elizabeth on July 28. The team will be announced towards the end of June.

The Pacers 10km is therefore critical to other runners who might feel they deserve a chance to make the team.

A 10km race at this stage is also ideal for Comrades runners in order to gauge exactly where they are training wise.

In his book *Comrades* - Bruce Fordyce the nine-time winner of that race says "A terrific way to build up your speed for Comrades is to run short distance road races."

Meanwhile this weekend also sees a

number of runners travelling to Somerset East for the Brinjies Hough-20km.

The race is particularly attractive to those who did not, or could not run Two Oceans.

The race no longer runs to the small Karoo town of Pearston but is instead completed in and around the surroundings of Somerset East and has more than sufficient hills to prepare body and mind for the road between Durban and Pietermaritzburg on June 19.
