Re : Request for procurement of LED streetlights fittings

This communiqué serves to request for the Procurement of the below specification of the Solar LED streetlight fitting.

Qty	Description	LEDS	LUMEN	MASS(KG)
200	LED 60W	32	6 400	7

NB :

- All the streetlight fittings must have built in photo cell that will be able to control(*switch off*) the fitting during that day and switch on at night.
- The streetlight fittings should strictly be Solar powered.
