

Mbizana Local Municipality

Date: 19th February 2019

To : Supply Chain Management

From: SM: Community Services Department

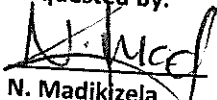

RE : Specification for Supply and Delivery of Mini Cages and Waste Rings

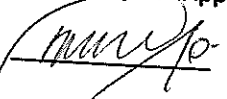

Refuse section within Community Services Department is responsible for waste management services at Mbizana. To achieve our mandate, we need to assist the Municipality in identifying the type and nature of waste receptacle to be used in each specific area as per the demand. This therefore serves to request **Quotations** for supply and delivery of Mini Cages and Waste Rings:

Item	Description	Size	QTY
1. Cages	SABS certified, , manufactured from virgin high density polyethylene, ultra violet stabilized raw material, designed with additional honeycomb reinforcing for extra strength. To be a square sized shape with flat zinc/iron base with small openings to allow water to pass through, and one front Door with a lock. To be painted in glossy green colour.	Area of the cage: 26m ² Height of the cage: 1.5m Door : (Height to be the normal size of the door)	X03
2. Waste Rings	SABS certified, axles solid steel ring with a base to accommodate waste bag, manufactured from virgin high density polyethylene ultra violet stabilized raw material, designed with additional honeycomb reinforcing for extra strength. Painted in glossy green colour.	970 mm deep by 750 mm wide.	X20
3. Cement	Black Cement	50 kg	x05
4. Crush Stone	Grey crush stone	50 kg	X05
5. Sand	Mngeni Sand	50 kg	x05
6. Sand	Fine sand	50 kg	X05
