

Mbizana Local Municipality

Date: 13th August 2020
To: Municipal Manager
Cc: SCM Manager
From: SM: Community Services
Subject: Request to Purchase Road Marking Paint

Protection Services comprises of four subsections that is: Traffic, Security, Pound and VIP unit. Strategic objective is to uphold, preserve and protect Municipal assets, human resource and broadly the inhabitants of the State. As Protection Services currently we are utilising EPWP members for the renewal of Road Markings.

Protection Services humbly requests authorisation to purchase Road Marking Paint. The road markings are quickly faded because of the muddy roads that connect directly to R61 which leads to CBD forming part of the Test Route. This forces us to request for repainting of the markings now and again so as to comply with the minimum requirements. See the specification for the paint. The function to be used is: Roads, Item: Expenditure: Contracted Services: Contractors: Maintenance of Unspecified Assets, Project: Traffic Signs: Road signs and Markings, Segment: Road Marking 250526246: 25052351 26
